

ThinPrint announces new partnership with Ingram Micro

DENVER, Colorado (November 19, 2007) ThinPrint, Inc., the world's leading provider of print management solutions, has signed an agreement with Global Marketing Partners Inc., (GMP) establishing access to technology solution providers in North America through Ingram Micro Inc. (NYSE: IM), the world's largest technology distributor.

As part of the agreement with GMP, ThinPrint will be able to distribute its products through Ingram Micro North America. This partnership will enhance ThinPrint's presence in this strategic market.

With the maximum scalability, reliability, flexibility, transparency and security possible, ThinPrint .print has established itself as the worldwide market leader of software solutions for printing in distributed environments. Countless features ensure that users maintain complete control over printing activities in their network, even in complex architectures and various application scenarios.

Cortado is a value-added solution for BlackBerry, Windows Mobile and Nokia devices which allows a user access to complete file management in their corporate drive via their smart phones and also enables users to print and fax from their device.

Since 2000, ThinPrint has been present in the US market and has since established a large client base across all industry segments. Under this agreement, ThinPrint's U.S.-based staff will provide sales and pre-sales support to GMP, Ingram Micro and their respective resellers.

"We are extremely happy about this announcement. Not only does it allow us to reach out to even more customers in our most important markets, it also underlines ThinPrint's unique and strategic positioning," esteems Henning Volkmer, ThinPrint's Inc. COO.

About Ingram Micro, Inc.
